New! Signage Tracks for Paper Signage

Cheaper, minimum material, plus more hygenic
Associates touch **ONLY** the paper when changing signs

Signage Track

Paper sign

Reduce viral contact transmission risk by quickly and cleanly sliding signage, while touching only the paper sign being changed!

Safe, labor saving, super quick signage changes!

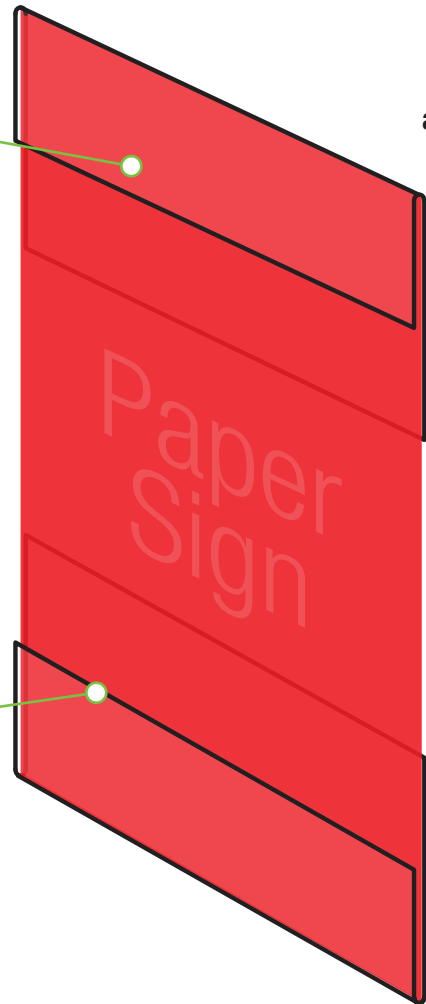

Crystal clear easy-insertion lip

Super strong adhesive

Optimized track depth for secure paper sign retention

UNIQUE, HEAT-BENT DESIGN ALSO MEANS:

- Faster and easier to load/unload
- Signage stays securely in place
 - Works great for paper signs
- Much more economical than pockets - reduces material by 80%
- Faster, cheaper, and more hygenic than manipulating signage in and out of pockets

Broad selection of lengths in stock!
